

## High Bay Luminaire

### Features:

- 32" aluminum housing with anodized aluminum reflector for superior lighting performance
- UV stabilized acrylic cover fastened with clamp band
- Die-casted aluminum ballast casing with white powder coated finish for corrosion-resistance

### Lamp and ballast:

- 300W round tubular with high lighting efficacy at rated 80,000hrs lifetime, about 20 years burning on 4000hrs/year
- Electronic ballast features high power factor (>0.95), flicker-free light, constant output wattage, and safe protection

### Ambient temperature for lighting fixture:

-10°C ~ 40°C

### Applications:

Warehouses, supermarkets, retail showrooms, exhibition halls, factories

Type	Lamp	PSU Frequency (Hz)	Voltage (V)	Current (A)	IP
High Bay	100W Round Tubular	50/60	120/220/277	0.93 ~ 0.42	43
High Bay	150W Round Tubular	50/60	120/220/277	1.35 ~ 061	43
High Bay	200W Round Tubular	50/60	120/220/277	1.77 ~ 0.80	43
High Bay	250W Round Tubular	50/60	120/220/277	2.21~ 1.00	43
High Bay	300W Round Tubular	50/60	120/220/277	2.65 ~1.20	43
